Dear Friends,

Terraformers is not a typical Sci-Fi convention. It is an idea formed in our minds, here at Sci-Fi.gr after the devastating wildfires in Attica and Peloponnese in 2007. The catastrophe was so extensive that all of us had to help anyway we could.

So the first **Terraformers** event was born in June 2008 with Lolita Fatjo, Connor Trineer and Dominic Keating being the first Terraformers. We met, and got all the info from the WWF Greece representatives concerning the actions taken for the affected areas.

Had fun, and shared a wonderful weekend with our guests. Having our coffee under the beautiful temple of Poseidon or chatting over a bottle of wine in the garden, or at the little picturesque taverns on the beach. We all promised we would do it again and we did!

All Terraformers took their duties to our cause very seriously and now we are extremely happy to announce **Terraformers II**.

We even got ourselves some regulars. **Connor Trinneer**, against all convention rules, is returning to **Sounion**. **Lolita Fatjo** will be with us again.

Also, this year, **Mrs Marina Sirtis**, Greek herself will share all her Trek memories with us. After all we are family.. ;)

Mr. **Robert Picardo**, a fan of Greek Culture himself, will honor us with his presence and share with us his memories from Voyager and Stargate Atlantis. As a member of the Advisory Board of the Planetary Society, he will update us with the latest news from this field.

Mr. **Andre Bormanis** doesn't do lot of conventions so we are really honored to have him with us. A man of science that is responsible for almost any technobable we've enjoyed on Startrek. Loaded with behind the scenes memories, he will be ours to interrogate. Politely ... ;)

Another regular, a fan of our charity event, of our sun and beaches, of our taverns and sea is **Lolita Fatjo**. She will be with us again this year and she brings with her a dear friend that I honorably call my favorite Trekologist.

Mr. **Larry Nemecek**. Don't miss Larry's presentations! He is coming loaded with material you have never seen before. He is also ours to interrogate. So mindmeld him until we get all the info!

Please remember that we are limited to 120 participants AND ONLY THE ONES THAT HAVE REGISTERED AT terraformers@sci-fi.gr will be accepted in the convention room.

The Admission Fee for this charity event is a flat rate of 35 euro per person and it will be paid on site at Sounion to **WWF Greece**. WWF Greece will be there to welcome you, inform you on its latest actions and of course collect your 35 euro donation.

So, don't waste time and register online at: terraformers@sci-fi.gr . After you register and receive the confirmation e-mail from us, then you can book your room at: www.aegeon-hotel.com mentioning the code SCIFIGR.

Please Remember: Sci-fi.gr is not a company and not a club either. And we don't plan to be any of the above ;).

As soon as the WWF representatives will confirm your reservation from the list we'll give them, you pay at the WWF desk and get your receipt.

The receipt of your donation of 35 euros to WWF Greece is your ticket to our charity event.

Marina, Robert, Connor, Andre, Lolita, Larry, Maria, Carol and Dion will be happy to see you all at Sounion.

On behalf of Sci-Fi.gr

Maria Katsiri Devolder

ACCOMODATION INFORMATION

The hotel of the event is AEGEON HOTEL at Cape Sounion. Situated right under the Temple of Poseidon on a beautiful sandy beach with crystal clear waters. Something like planet RISA.

AEGEON HOTEL has offered us a special price for accommodation.

You can book your room directly with Aegeon Hotel BUT **!!VERY IMPORTANT! You have to mention on your reservation the code word SCIFIGR in order to get the discount. It would be wise to book your room the soonest possible since the hotel has only 35 rooms available.**

The phone, fax and e-mail address of the hotel are:

tel: +30 22920 39200

fax: +30 22920 39234

email: info@aegeon-hotel.com

To see information about the hotel you can check their website : www.aegeon-hotel.com

and The Gala Dinner of the last night. The Full Board option does NOT INCLUDE any drinks, alcoholic or refreshments. Only mineral water.

SINGLE ROOM WITH BREAKFAST120 euro/per night

TWIN BEDROOM WITH BREAFAST.....120 euro per room/per night

(all taxes included).

TRAVEL INFORMATION

Sci-Fi.gr is not involved with your travel itineraries and reservations. You have to arrange this on your own. I will be happy though to assist you if you have any questions regarding reservations or flight arrangements.

You can e-mail me at: katsiri@sci-fi.gr **subject: Terraformers traveling advice..**

Helpful Links :

www.aegeanair.gr , www.olympicair.gr Both companies are extremely safe.

The Athens International Airport www.aia.gr is very well organized and you will not have a single problem as a traveler.

The only transportation you can use **from the airport** to come to the hotel at Sounion is by TAXI but it is not very expensive. I don't know the amount of money needed exactly for the trip but it is around 40 Euros. Which is not a lot since it is almost 20 kilometers of a very scenic route.

The local Science Fiction attendees can use private means or local busses coming from Athens.

See you in Athens !!!

&

Live Long and Prosper
